

The new LOGIQ™ e

Simpler. Faster. Even more precise.

Broader capabilities. Greater usability.

Portability

Enjoy console-grade performance inside a conveniently portable laptop that easily moves from patient to patient, anywhere around your facility.

Battery life

Improved battery technology lasts for 90 minutes between charges and up to 4.5 hours on the cart.

Monitor size

Larger screen (15.6" | 39.624 cm) with improved resolution.

Active probe ports

Features one standard port and three with the cart.

Footprint of the cart

Sleek, cutting-edge design that's lightweight and features a small footprint.

Sealed keyboard

Simple, sealed design for easier cleaning and simplified functionality. Just the essentials for easy, efficient scanning.

Trackpad and trackball options

New trackpad and trackball options feature a button probe for more accuracy and menu access with a simple click.

MP4 capability

Allows you to save images in this format and to review the images easily on your computer or phone.

Clinical tools

Offers key improvements to further expand convenience and utility.

- Personalized protocols with Scan Assistant
- Strain Elastography
- LOGIQ View
- Auto EF
- Needle Visualization
- Virtual Convex
- Follow-Up Tool
- Split Screen
- PDI/Q Analysis
- Center Line Control
- Contrast Imaging*

Digital footprint

An on-premise solution that brings together machine data across your hospital into powerful, intuitive dashboards.

- eDelivery
- Probe Check
- Intuitive dashboards with Imaging Insights
